

LA NUEVA ESPERANZA

El Centro Campesina Project

NOVA members sent messages with a community photo to the women in El Salvador of La Nueva Esperanza in Ilobasco. Archer and Jim returned from the visit with a photo of the women and several messages for the NOVA community. Below are some of the greetings received, translated from Spanish:

- ★ Hi thank you everyone and thank you to all the people who are striving to work hard for us to go forward in our learning.
- ★ Thank you very much for your greetings and for helping us. I am a young person learning a lot at La Nueva Esperanza to better myself. I have faith that I will succeed.
- ★ A very special greeting for Nova that our Father and our sainted mother bless you for your generosity and help. I am thankful for the people who formed this group and I am currently teaching dressmaking.
- ★ Affectionate Greetings to the NOVA and all the people that helped us I hope you are well and God bless you good-hearted people who help us.
- ★ Thank you for your help to everyone we see in the photo.
- ★ Hello friends. I want to thank you for all the support that you give us to La Nueva Esperanza. I have learned to cut and sew and now I make uniforms for the children in our community school.
