

PROJECT ESPERANZA

In October, NOVA members donated \$1,325 to Project Esperanza, a program that supports Haitian immigrants in the Dominican Republic. The donations mean 13 children will have uniforms, books and supplies, and daily lunches throughout this school year. Each donor will soon receive an email with a profile of the child his or her donation supports.

Katie Matthews and Markie Harwood -- and Caitlin McHale at Project Esperanza -- thank you for embracing this project in addition to all of the other good works the NOVA community already does.
